Dear Scoutmaster:

TODAY is the last day of July, which means that the school summer vacation is half over for your Scouts and only the month of August remains.

TODAY I have reviewed all the Camp records (Owasippe - Kiwanis and Lone Troop) and do not find any reservations or plans for even a single Scout from your Troop expecting to have a Summer Camping experience.

THE PROGRAM of SCOUTING is essentially an Outdoor Program, providing opportunities for Scouts to practice resourcefulness, self-reliance, and to care for themselves and others, thereby contributing to their growth in Character and Citizenship training.

TODAY, I plead with you, please do not let the balance of summer escape without taking definite action. Give your Scouts an opportunity to Camp during the finest Camping time of the year.

\*NOTE:

\* THERE IS space at the Owasippe Camps in Michigan for the fourth period, dates \*  
\* August 18 to 27. Camp fee is \$12.50 plus railroad transportation. \*

OR

\* THERE IS space at Camp Kiwanis in the sixth, seventh, and eighth periods - \*  
\* Camp fee, \$4.50. \*

OR

\* YOU may conduct a Lone Troop, Long Term Camp at Camp Fort Dearborn, or \*  
\* Camp Harrison. \*

Quite naturally, the Chicago Council, Boy Scouts of America, is proud of the fact that over four hundred different Troops involving over five thousand Scouts have already made plans for this summer. However, we must not stop at this point. What of the remaining Troops and Scouts; shouldn't they also go to Camp?

Mr. Scoutmaster, the answer to that is entirely up to you.

May I help you with your plans?

Very sincerely,

*Victor L. Alm*
